- Basic

PROFESSIONAL PROFILE

My journey in IT didn't start with a master plan; it began with pure curiosity. I started hands-on—taking hardware apart, breaking things, and fixing them. Over 14+ years, as the industry shifted from bare-metal hardware to software, cloud, and AI, I adapted with it. Today, I bring over a decade of experience in IT Support and Infrastructure. Throughout my career, I've had the privilege of learning from incredible people, shaping my approach to problem-solving. I am highly adaptable and driven by continuous personal growth. Outside of work, I'm a huge animal lover, and I find my balance through practicing martial arts and playing the piano.

WORK EXPERIENCE

IT Support, Infra & Cloud Operations Nov 2024 - Present
Amazon Web Services (AWS) — Argentina

Lead and take ownership of IT operations, corporate infrastructure maintenance, and asset management to ensure uninterrupted 24/7 service availability. Coordinate and support global IT teams, proactively implement operational enhancements, and pursue continuous learning in AWS cloud services.

IT Coordinator & Infrastructure Engineer Dec 2021 - Nov 2024
NCR Voyix — LATAM

IT Coordinator (LATAM) (Nov 2022 - Nov 2024)
Regional coordination of IT operations and infrastructure across Latin America (Argentina, Chile, Brazil), ensuring standard procedures, regulatory alignment, and strict SLA compliance.

IT Support & Infrastructure Engineer (Dec 2021 - Nov 2022)
Comprehensive management and resolution of corporate IT incidents, preventative and corrective maintenance of enterprise servers and corporate networks (Cisco, Fortinet, Silver Peak).

ATM Systems Support Jul 2017 - Dec 2021
Prosegur S.A

On-site field support, assembly, and preventative/corrective repair of Automated Teller Machines (ATMs) across financial institutions. Responsible for hardware quality assurance and field operational reliability.

IT Support Sr Aug 2012 - Apr 2017
Compumundo

Technical specialist diagnosing and repairing hardware, computer systems, and electronic equipment, with a strong focus on quality assurance, testing, and direct client care.

IT Support Oct 2009 - Jun 2012
PC Arts Argentina (Bangho)

Computer assembly, hardware performance benchmarking, testing, and rigorous quality control for enterprise and consumer systems.

EDUCATION

Higher Degree in Programming (In Progress) 2023 - Present
National Technological University (UTN - CABA)

Electronic Technician with Computing Orientation
Escuela Técnica N° 29 "Reconquista de Buenos Aires" (CABA) • Grade: 8/10
Dec 2010
